The Nugget is California's Leading Mining Weekly

Nevada City Nugget

VOLUME III, NUMBER 7 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA. THE COUNTY SEAT PAPER DECEMBER 31, 1928

PAST YEAR HAS GOOD GROWTH IN GOLD MINING

The year 1928 just closing has been a wonderful advance in the upbuilding of the gold mining industry in California and particularly has this been true in the Nevada and Sierra county field, the greatest producing section of the precious metal in the history of mining. The outstanding feature of the year has been the entry of three strong companies which have been operating in other states and have turned to California for the scene of their major operations for the coming year.

The Rescue Eula which has taken over the famous Gaston Ridge properties and the Yellow Tiger Consolidated, the Ancho property in the same vicinity and also the Grey Eagle property in Sierra county, are both strong Nevada companies which after careful examination of properties over a large area have chosen these as most promising of becoming large producers. Now Mining Company which has been comes the Sunnyside Consolidated operating at Oatman, Arizona, and takes over the German Bar property in the Alleghany district which is known the world over for its high grade "bonanza" oer. The entry of these three companies presages important developments the coming year and is certain to attract many other companies to this section. Nevada county which has long led the field in the production of quartz gold for any county in the state, bids fair to further increase its lead as properties are being opened up. Sierra county which also enjoys the privilege of unrestricted placer mining due to the operation of Bullards Bar dam by the Yuba River Power Company, is making an excellent showing in the number of mining properties being opened fro development.

The expectation that the Western Mines Consolidated plan of opening up the four mile Providence drain tunnel between the Champion and Banner Mountain will shortly materialize has been a leading topic of conversation with the active interest of Mr. Kirby Thomas, noted New York mining engineer, now being shown in the district. Mr. Thomas has been interesting New York capital to take over the control of the company and get operations under way. He will be here the coming month in company with Waldemar Lindgren, noted geologist whose 1893 geological report on this district has been a governing factor in the deep mining program being followed.

The wonderful rehabilitation program at the famous old Murchie property has put back into the active producing class, one of Nevada City's early properties which made its owners wealthy. Mr. M. C. Von Loben Sels, who has been the moving spirit behind the enterprise, is entitled to great credit for his willingness to see the property put in shape for production. With extensive workings to be unwatered and the surface works in a bad state of repair would have deterred less persistent people. The Murchie has great promise with the important ore bodies opened up already on the 1000 level.

One of the promising properties now being opened is the Mohawk which is being financed by Washington capital. The property is in the very center of a rich mineral belt and is practically virgin ground below the water level. Important developments may be expected when the crosscut is started on the 200 level.

The ambitious plans of the Hoge Development Company which has 1400 acres of fine mineral territory jurt north of town, are maturing and the coming year should see important development under way.

The Western Merger si gaining headway with its production program. This company has installed a fine surface plant and as its ore bodies are opened up will make a good producer.

With the financing of the Idaho Maryland group expected to be accomplished at an early date, this famous property which has produced around $28,000,000 in its hectic career, looks to be in for another big production era with its big strike of bonanza ore on the 1900 level which bids fair to eclipse previous production.

Both the North Star and Empire properties, noted for their deep workings, have picked up excellent ore in the lower workings the past year. The North Star is now sinking a winze below the 8650 level to open up promising ore. The Empire has found excellent values on the 7000 level.

The Twin Sister property made good progress on its large tunnel project until the hardness of the rock held up operations until power drills could be installed and a satisfactory power source found.

WATCH NEVADA CITY GROW THIS YEAR

Nineteen hundred and twenty nine is here! Right on the job! And he's going to beat 1928 in Nevada City! With your cooperation, he will win!

Nevada City has everything to look forward to the coming year with her prospects for material progress.

The mining of gold is well on its way to becoming a major industry once more. This, the recognized center of California's large production since the days of its first discovery, again hears the merry pound of stamps and sees loads of machinery destined for more properties being opened up. The coming year promises large development and increasing production. A production record of nearly a billion dollars within a radius of tweny five miles is surely something to be proud of and to insure our future prosperity as gold mining again comes to the front.

The production of turpentine will be well under way by summer and will release many thousands of dollars into marts of trade and to enrich the community.

Help The Nugget make 1929 the biggest year yet for Nevada City. Your cooperation will repay your investment manyfold and bring real prosperity.

ENGELBRIGHT IS NAMED ASSISTANT WHIP, HOUSE

Congressman Harry L. Engelbright who is just now in his second year in Washington as representative of the Second California District, has been named to the mportant post of assistant "whip" of the House, and is a merited recognition of the ability of one the youngest members of the House of Representatives. Seniority was thrown aside in making the appointment. With Harry's closeness to President-elect Hoover, his star is in the ascendant.

NATIONAL HOTEL GETS HOME LIKE LOOK AGAIN

Quick work has been made in removing the scars caused by the recent fire at the National Hotel Coffee Shop and the popular dining place has once more resumed its wonted mien. The special New Years Eve dinner will be served tonight with plenty of trimmings and a number of reservations were made early. Manager and Mrs Fred C. Worth are to be complimented on their desire to keep Nevada City well to the front in hotel service.

Cooley Butler of Los Angeles has been taking many options on properties in the Grass Valley field and it is expected that his operations will be under way the coming year.

The Boundary mine operators have been opening up the Peabody workings, scene of much early day profits, and will handle the Golden Center property from this location.

The developments at Badger Hill with the Siberia and Salmon properties protend considerable progress the coming year and Cherokee has prospects of once more getting on the map. Development work is expected to continue at the Kennebec property at Lake City.

The developments in Sierra county will be covered in a later issue The Nugget expects to chronicle mining progress weekly during the coming year as it has consistently in the past.

FIREMENS BALL LOOKS TO BE ENTERTAINING

The twenty second annual firemen's ball which is staged at the Red Men hall tonight looks to be one of the most promising yet in the way of entertainment and there will be a large crowd on hand to while the hours away until 1929 appears on the scene. Excellent music has been provided for the occasion and the numerous army of floor managers promise to keep everything moving all during the evening.

A long list of prizes has been hung up for fortunate mortals through the ooperation of the business men the past week. Masquerade costumes are on display in the Forest Service building.

Assemblyman-elect Jerrold L. Seawell and Mrs. Seawell were up from Roseville to spend the weekend. Mr. Seawell has been sounding out sentiment as to what the mining interest desire in the way of legislation. Fine idea, that.

TREE TAPPING STARTED ON PENN CALIFORNIA

Tapping of trees on the property of the Penn California Mining Company and A. W. Hoge is expected to get under way this week, by the California Timber Prodcuts, Inc. The Never Sweat, Cooper, Cooley, Goering and Younkers properties have already had the cups hung. The work of tapping the trees is being carried on as fast as the weather permits. The shortage of sups has slowed up operations considerably.

New acreage of yellow or digger pine may still be signed up altho there will be a rush of work after 1929-1930. The machinery for the plant has been slow in shipment and it may be April before it arrives.

While Ivan H. Parker did not have the privilege of representing this senatorial district at the last election yet he will be on hand at the various session of the coming meeting , due to his appointment as an assistant to the Legislative Counsel Bureau.

Rev. H. H. Buckner suffered a badly cut hand Friday when a glass jar of olives broke as he was emptying it. The wound was dressed at the Nevada City Sanitarium by Dr. R. F. Werner.

GERMAN BAR IS TAKEN OVER BY THE SUNNYSIDE

The ticker of the Los Angeles Exchange last week gave out the following: "Sunnyside Consolidated Mines Co., C. H. Palmer, Jr., president and general manager, has taken over the German Bar Gold Mine on the Middle Fork of Yuba River in Nevada and Sierra counties, California, and will begin work at once in its further development and operating. The mine is a near neighbor of the Sixteen to One and other famous gold producers. Property concists of ninety six acres, forty of which are patented. It is developed by 750 feet tunnel work on the vein with crosslcuts and upraises.

"The German Bar has a past production record in excess of $200,000 in gold bullion taken out by hand mortar and small stamp mill. Ore occurs in shoots in strong and persistent fissure and ranges in value from mill grade up to the thouand per ton in native gold. Machinery and supplies including air compressor and machine drills are being taken to the mine on sleds and systematic development work will be pushed this winter with mill installation planned in the spring.

"The company's stock is listed on the Los Angeles Curb Exchange and the advance in quotation believed to be due to acquirement of new mine."

After receiving the above news The Nugget called up Thomas E. Stephens, principal stockholder and developer of the German Bar, who confirmed the above dispatch with the additional information that Los Angeles capital, which has dealt primarily in Arizona and Nevada properties in the past, has become nterested in Nevada county properties and that in the coming spring and summer several other deals are likely to be consumated.

The Sunnyside Consolidated is an Arizona Company with properties at Oatman, Arizona. During the past years it has been one of the most active stocks on the Exchange and selling up to 47 cents about a year ago. C. H. Palmer, Jr., a mining engineer of note, is president of the company and Mr. Rogers of the Merchants National Bank is secretary and treasurer M. Stephens, a mining engineer, who has spent the last twenty years in developing South American property and who has spent the last year in opening up the old workings of the German Bar remains in charge of the development work.

The German Bar has long been known as one of the most promising properties in the Alleghany-Snow Point district. It lies next to the Gold Canyon and Irelan Mines and just across the river from the Plumbago which has produced upwards of $12,000,000.

After the first bonanza ore, which produced over $200,000 according to U. S. Geological Survey, was taken out of the property remained idle for almost forty years. New Jersey and Philadelphia capitalists took over the mine over a year ago and after opening up the old workings, building houses, installing water system and opening up a right of way for a power line, made a consolidation with the Sunnyside by which this company takes over its future development.

Plans for this winter's work include the installing of a compressor, and the resumption of drifting in tunnels No. 2 and 4. The last named will be driven ahead two hundred feet and then by running a cross cut to the right it is expected to tap the ore body exposed in tunnel No. 2. Two carloads of machinery and supplies have arrived in Auburn and trucks are hauling this material as far as North Bloomfield. From there sleds will be used to take the compressor and other materials to the mine. Next spring the company plans to erect a mill to take care of the ore

GERMAN BAR ACQUIRED BY SUNNYSIDE INTERESTS

Continued from front page

blocked out in tunnels 2 and 4.

Favorable reports made by Engineers Kirby Thomas, of New York, M. Costello, C. H. Palmer and T. E. Stephens stamp the German Bar adquisition of the Sunnyside as a mine capable of bcoming one of the big producers of the district which has become known during the last fifteen years as the most sensational producer of "high grade" in the entire West. The phenomenal enrichments of "bonanza" ore, produced by the Tightner, 16 to 1, Oriental, Rainbow, Plumbago, Gold Canyon and other mines, and the fact that the ore bodies are holding up with depth is attracting the attention of the mining world and this part of Nevada and Sierra counties may soon experience a real boom.

MINING REVIVAL PROMISING

A mining revival is bringing into prominence many old prospects and mines barely scratched in the early days so that this section is fast becoming known as the richest "high-grade" mining camp in America.

The Plumbago mine, close to the German Bar mine, has been the biggest producer in that district to date, its output being estimated between $11,500,000 and $12,000,000. One chimney of ore on the Croesus claim below the 500 foot drainage level yielded $260,000.

The Oriental mine one pocket of ore, 14 by 22 feet, gave returns of $740,000. Its production to date has almost reached $5,000,000.

After the Tightner mine was taken over by W. A. Clark, Jr., in 1907, the property started its sensational production which continued until over $8,000,000 was taken out. Now consolidated with the Sixteen to One.

The Sixteen to One mine paid in 1923 dividends amounting to 415 per cent of the outstanding stock, or $738,700. Producting well over $7,000,000 .It is reported that several millions of dollars of "picture" ore are blocked out for future extraction.

From the Gold Canyon mine, next to the German Bar mine on the Yuba River, over $1,500,000 has been taken out. One bunch of ore extracted, of almost pure gold, was worth $250,000.

The Bullion mine has produced over $1,500,000 to date.

The El Dorado mine, under new management has recently encountered rich pay ore in their vein.

The Independence mine has produced over $900,000.

The Spanish mine, recently reopened, has produced several millions.

The Twin Sisters mine, on the same vein system as the German Bar mine, after spending $80,000 in development has opened up a sensational ore body which assays up to $40,000 a ton.

On the Irelan mine, whose power line will be continued to the German Bar mine, several $50,000 pockets have been taken out recently.

Moore's Flat, Orleans and Snow Point hydraulic diggings, surrounding the German Bar mine, produced over $25,000,000 before the Federal Law of 1882 put a stop to this form of mining.

Sierra county, in which the Alleghany district is located, has produced over $220,000,000.

In the limited area of this quadrangle, which is only a small part of Nevada and Sierra counties, the production, according to the United States Geological Survey, has been well over $200,000,000 And within a radius of thirty miles another $280,000,000 has been extracted, in all one-fourth of the total output of the mines of California since the discovery of gold in 1848.

SAME PRESCRIPTION HE WROTE IN 1892

When Dr. Caldwell started to practice medicine, back in 1875, the needs for a laxative were not as great as today. People lived normal lives, ate plain, wholesome food, and got plenty of fresh air. But even that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings.

The prescription for constipation that he used early in his practice, and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, intended for women, children and elderly people, and they need just such a mild, safe bowel stimulant.

This prescription has proven its worth and is now the largest selling liquid laxative. It has won the confidence of people who needed it to get relief from headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds, fevers. At your druggist, or write "Syrup Pepsin," Dept. BB, Monticello, Illinois, for free trial bottle. ●

There's peace in the household guarded by Castoria. Peaceful sleep for Baby. Uninterrupted rest for Mother. For a few drops of pure Castoria will quiet any fretful infant. Or put the little one back to sleep when there's an upset during the night.

Parents, don't try to do without good old Castoria! It isn't fair to the baby, and it makes things hard for you. You can't give Baby medicine meant for grown-ups—or shouldn't! Castoria is the solution. It is always safe. It always does the work. And although it acts as swiftly as an opiate or a narcotic, it contains neither. *Castoria is truly wonderful.* Give it whenever baby's constipation, colic, diarrhea.

No less than five million modern mothers have come to depend on Castoria, for twenty-five million bottles were bought last year! Get yours today; don't wait for some night when it's needed, and the drugstore is closed!

Children Cry for CASTORIA

A Happy New Year

In this festive holiday season, the undersigned progressive business firms of Grass Valley wish to express their hearty appreciation to one and all for the patronage accorded them during the past year and for making possible a live and growing community. We extend to one and all our best wishes for Happy New Year, brimming full of good cheer and happiness. May the coming year be one of prosperity for our community such as it has never enjoyed before in its colorful history.

Mr. and Mrs. James Baldwin returned Thursday from the lower country enroute to the Halkyard mine.

Judge and Mrs. F. T. Nilon are home from a visit with relatives in San Francisco over the Christmas holidays.

ANNOUNCEMENT

Mr. A. P. Ridge an experienced licensed, embalmer and funeral director, has been placed in charge of our Nevada City Parlors.

Our parlors are located in the old Congregational church, corner Main and Church street and this building has been remoled into an up-to-date Funeral Parlor.

Mr. Ridge has an apartment in the parlor and will handle ambuliance and other calls day and night, Nevada City and all up The Better Service is our motto.

W. R. Jefford & Son.

3-5-6

THERE is nothing that has ever taken the place of Bayer Aspirin as an antidote for pain. Safe, or physicians wouldn't use it, and endorse its use by others. Sure, or several million users would have turned to something else. But get real Bayer Aspirin (at any drugstore) with Bayer on the box, and the word *genuine* printed in red:

Bayer-Tablets of Aspirin Genuine

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid

FRENCH CORRAL ITEMS

FRENCH CORRAL, Dec. 29, (Special o The Nugget)—Well this is our last correspondence for 1928, and it seems we should make it something special. Beautiful thoughts of the dear old year come surging along, but for want of time we must be brief. (Now we see you smile, when we speak of being brief, for we know it is a quality w do not possess. Well keep on smiling and we'll smile wiht you.)

So with our hearts yet filled with Christmas cheer, we'll turn to greet the coming year.

On the morning of the 24th we thought a real snow storm was in order, but it turned to rain and we had a very stormy day. Happy however the weather changed and gave us a bright and beautiful Christmas day.

In our little hamlet the joy of Christmas was evident in every home, and Santa Claus has left no one out.

J. Frank our spuervisor had business here last week.

Mrs W. E. Moulton and daughter, Frances, Mrs. J. W. Culver and Mrs. E Sutherland made a business trip to Nevada City and Grass Valley Friday They reported lots of snow, and thought skates might serve better than rubbers.

N. B Bishop was a visitor in Nevada City Friday. Mr. Bishop had a fall on the slippery street and feared for a time he had broken his arm. However, while very painful, it was found no bones were broken.

W. P Clerkin passed through here with Christmas trees Friday.

Alfred Kneebone of Bridgeport was up our way Friday to get a Christmas tree.

Dr. A. J. Powell, who has been spending several months here left for his home in Oak land Saturday to spend the holidays with his family.

W. E. Moulton made a business trip to Marysville Saturday.

Ralph Thomas of Hammonton, spent Sunday with his parents in Birchville. He returned to spend Christmas Day, and brought his his sisters, Misses Gladys and Margaret, with him from Nevada City.

Rev. Fr. O'Rielly of Nevada City held the usual monthly service in the Catholic church at Birchville, Sunday. He was accompanied by Gerald Hogan of Nevada City.

W. W. Rathbun made a trip to his ranch at Brown's Valley Sunday.

Mr. and Mrs. R. McNamara of Tyler visited the family of J. W. Culver Sunday.

Mr. and Mrs J. W Culver left for a trip to San Francisco Monday They will visit Mrs. Culver's son, Edward Wilcoxson of Wise Station, and then go to San Francisco where they will visit their daughter, Mrs. Earl Chatty and family, and their son, Will Culver.

Miss Marion Ruth of Sacramento who has been visiting the family of her aunt, Mrs F. Reader of Sweetland, returned to her home Monday.

We are happy to hear that Miss Ursula Reader of Sweetland passed the teachers examination in Nevada City with high honors. We are always proud of the success of our Ridge girls and boys.

J. Swazey, who has been employed at the Siberia mine near Badger Hill, spent Christmas with friends in French Corral. He was accompanied by his friend Al Tackitt.

Fr. O'Rielly held service in the Catholic church at Birchville Christmas morning. It was a rare treat to his congregation here as we have not been able to have the service on that day for many years Father O'Reilly is a most faithful worker and is beloved by all.

THE NUGGET PAGE OF MINING NEWS

TUOLUMNE COUNTY

The Sugarman Mines Inc., recently uncovered another rich pocket of virgin gold, amounting to several thousand dollars, it is reported. This mine is one of the earliest of gold producers in the state dating as far back as 1851. It has been opened many times and closed for different causes. R. H. Nelson is president.

It is reported the Bluett estate has sold through the Ingalls Interests to the Consuella Mining Company, 25 acres of ground adjoining the Providence, the Providence, Good Enough and Consuella mines also 3 claims were located. A site has been surveyed for a mill, and new buildings. C. W. Terry, city engineer of Sonora, surveyed the land.

SISKIYOU COUNTY

The Herndron drift placer mine was opened since the first of the year. It is situated near Yreka on the Klamath river. It is reported gold to the amount of $5. up to $35. per pan has been taken out and two pounds of gold were taken in one days work of drifting.

Since early '60's the Klamath rive has been mined by wing dams realizing from $5,000 to $35,000 per mining season of 6 months by pick and shovel.

The Black Bear mine, bought this summer by English capitalists of Victoria, B. C., has started reopening the famous old $3,000,000 gold producer. A 200 ton mill and new buildings are to be started at once. New machinery will be hauled as winter weather permits. Ben Daggett and crew of 16 men are to get out ore and run a tunnel. The mill will be running by April of next year.

EL DORADO COUNTY

The Poverty Point mining property has been showing good ore values recently in a 4 or 5 foot tunnel and will soon start a new vein. Men are at work preparing ground to erect a stamp mill. Oscar F. Greeley is manager.

The Van Hooker mine near Placerville has reopened under new bond and lease. It is reported ore runs $200 per ton on a 20 ton lot recently milled and a 10 stamp mill will be installed at once. A large body of high grade milling ore is now being encountered in the property.

The Martin gravel mine has been leased by John I. Martin to a company. They are retimbering the old tunnel. It is one of a group of mines. Gold nuggets, rubies and diamonds have been found in the gravel channel.

CALAVERAS COUNTY

The Royal mine at Hodson is running a 24 hour per day schedule. A twenty stamp mill is turning out good values. The new drift on the 700 level indicates increase in ore values and size of ore body.

The Tullock mine at Angels Camp has been taken over by the Royal Development Company. Operations are under way to place the mine on a production basis at an early date. Ore is said to average $12. to $14. per ton. The mine has an 800 foot vertical two compartment shaft. The mine is fully equipped for large operations. A large ore body is blocked out ready to work.

KERN COUNTY

The Big Blue mine at Kernville has struck another rich ore body by diamond drilling. Work will continue through the winter and plans are for a mill in the spring. Two sub-leases were let to J. H. McCoy, locator; and Monites Explosive Company, H. G. Walker, engineer. The Big Blue is a famous gold producer. Ore is said to assay $150 per ton from the 50 foot level. B. P. Howell is superintendent.

NAPA COUNTY

The La Joya quicksilver mine owned by Acme Mines & Milling, Inc,. have completed a furnace. Work started about 2 weeks ago. Ore is being treated at the rate of 40 tons daily. Modern equipment had been installed. The mine is in fine condition and has sufficent ore to keep working for a long time to come.

MARIPOSA COUNTY

The Fremont Grant Inc., is the largest gold mining property in the United States, comprising 44,000 acres. It was recently bonded by eastern capital. It has surface rights, equipment and water franchise on the Merced river.

The Colorado Quartz operated by the Belmont Metals Corporation, has completed their power line. All buildings have been lighted and unwatering of the mine is under way. Most modern equipment is being used. Promise of a fine gold producer is indicated.

George Carey has been suffering with an bad cold.

Mr. and Mrs. James Dillon have as guests, her cousin, Marshal W. Geiselman, noted San Francisco organist, and Howard Lee, member of the Riverside high school faculty.

Mr. and Mrs. H. O Kohler and son, George, of Washington visited relatives at Pleasant Valley during the week

Mr. and Mrs. Fred Miller of Forest visited here a few days the past week

L. Nord of Alleghany visited here Friday.

SHASTA COUNTY

The Mountain Copper Company's Iron Mountain mine near Redding is running with 10 men employed. Increased price in copper started the work and the mine will soon be in full operation. An oil flotation plant is being moved from Minnesota station and will be set up at the new workings.

The Mt. Shasta Coal Co., is shipping 15 tons of coal daily from mines on Oak Run to Redding. It will be tried out by the P. G. & E. Co., at Marysville to determine value in making gas.

AMADOR COUNTY

The Lopez Mining Company, 4 miles north of Plymouth, has encountered a good pay shoot on the 380 foot level. It is said ore averages $12. per ton. Drifting is being done on the ledge. Six men are employed. Plans are under way to bring in power for future work. Peter Lopez is president.

BUTTE COUNTY

The Genii Mining Company has leased to C. E. Collins of Reno, Nev. It is near Magalia. The big porphyry dike is said to run in values of around $25. per ton. A 100 foot tunnel will be run to reach the dike. The adit is in 35 feet and making good progress. The company expects to erect a mill in the spring.

NUGGET PUBLISHES A LARGE AMOUNT OF MINING NEWS

Worth while mining people and investors in mining securities all over Calfornia are coming to recognze in The Nugget, the leading mining newspaper of the Pacific Coast and its subscription list is filing up rapidly with those who wsh to keep posted on the latest developments in gold mining. Its news by counties is unique in newspapers which are largely given to exploiting their own communities to the exclusion of others.

Mrs. Lester Janes has recovered from a spell of sickness.

Mrs. A. H Holmes and little daughter, Helen Margaret, have left the Nevada City Sanitarium and returned to their home. The little lady is two weeks old.

Mrs. H. E. Smith and daughter, Patricia, are visiting Mr. and Mrs. T. J. Torpie.

O. C. O'Connor of San Rafael pased hrough here Tuesday enroute to his old home at Birchville for a visit with relatives.

Mrs. Minnie Bradbury and J. R. Bradbury of Alleghany visited relatives here Thursday.

Grover Bennetts of Omega visited here a few days with his family.

Mrs. M. E. Gregory has had as guests her grandchildren, Mr and Mrs. Allen Franch of Fresno.

CASEY AT THE MUCH STICK

(Dedicated to W. S. (Casey) Bigelow, on his 79th Birthday.)

(By J. M. Swazey, The Siberia Mine Poet).

There stands a little man,
With a shovel in his hand,
A big ton car behind him,
He has made his valiant stand.
He has a pick and hammer,
Thats beside him in the mine,
And when he starts to mucking
Be sure to clear the line.
He's just a little fellow,
With a big and brilliant smile,
But when he starts to mucking
He'll skin us kids a mile.
He keeps the muck a flying,
It seems he never tires,
And when his pick hits the muck
You can see a million fires.
Yes, take your hats off to Casey,
He sure is fine and grand,
He'll make you jump and shiver,
Ti'll you can barely stand.
He's just a little fellow,
But he sure can do the trick,
The muck just seems to fly,
When Casey has the stick.

Makes Life Sweeter

Next time a coated tongue, fetid breath or acrid skin gives evidence of sour stomach—try Phillips Milk of Magnesia!

Get acquainted with this perfect antiacid that helps the system keep sound and sweet. That every stomach needs at times. Take it whenever a hearty meal brings any discomfort.

Phillips Milk of Magnesia has won medical endorsement. And convinced millions of men and women they didn't have "indigestion." Don't diet, and don't suffer; just remember Phillips. Pleasant to take, and always effective.

The name Phillips is important; it identifies the genuine product. "Milk of Magnesia" has been the U. S. registered trade mark of the Charles H. Phillips Chemical Co. and its predecessor Charles H. Phillips since 1875.

PHILLIPS Milk of Magnesia

PACIFIC GAS OFFICIALS ATTEND BIG CELEBRATION

The entire Drum Division Sales Department of the P. G. & E. as well as managers and agents have been in San Francisco to attend the largest Sales Convention ever conducted by the Company. The party consisted of George Wright of Nevada City, H. M. Cooper, J. V. Kyle, H. S. Furlong, W. H. Meuren, Miss Ruth Bittinger, of Auburn; D. C. Stewart of Grass Valley, J. M. Newman of Colfax; and A. P. Clark, E. A. Byer, D. R. Johnson of Roseville. The Convention, which has been held at the Palace Hotel was attended by 580 representatives of the Company including every member of the Sales force in addition to Company officers and executives. Practically every city and town in northern and central California was represented.

Mrs. Earl Beatty will remain here with her mother, Mrs. George Downey, for a time, while her husband has returned to their home in Sanger.

John Phelps of Graniteville was a visitor here for a few days last week.

Russel Davey of Oakland spent Christmas here with his parents.

MRS. WILLIAM REYNOLDS CROSSES THE DIVIDE

But a few brief months after the demise of her devoted husband. Mrs, Williams Reynolds crossed into the Great Beyond on Thursday morning at the home of her daughter, Mrs. Ernest George. She had been at the Nevada City Sanitarium for some time and apparently gained so well that she was removed to the home of her daughter. A relapse set in however. Funeral services were held Saturday afternoon from the Holmes Funeral Home with the Rev. H. H. Buckner officiating. Officers of Evangeline Chapter, O. E. S., conducted their ritual, deceased being a Past Matron of the Chapter.

Mrs. Reynolds was a native of England, being born Sept. 1st 1854 She married Mr. Reynolds and made her home in Wales until 37 years ago when they came to Nevada City to take up their residence. Their Golden wedding was celebrated last year and an enjoyable trip was made to the old country. Surviving are two daughters, Mrs. William Menhennet of Mesa, Arizona and Mrs. Ernest George of Grass Valley; three sons, Thomas R. of Sacramento; and William J. and Alfred H. of Nevada City.

She was a devoted wife and mother and the sympathy of the entire community goes out to the bereaved family.

JOHN SCHMIDT PASSES AFTER AN ACTIVE LIFE

John J. Schmidt, discoverer of the rich ledge of ore which afterward helped to make the Champion mine famous, passed away early last week at his Cottage street home. It was while digging a post hole for a fence that he uncovered a ledge rich in gold. Father and son took up mining at once and located the property which they called the Nevada City claim.

Born in Illinois in 1857 he came to California the coming year with his parents and located at Nevada City. After the discovery of the ledge on a little ranch owned by the father west of town, the family mined the property which later was taken over by an eastern syndicate and merged with the Champion group. Mr. Schmidt followed mining up until his death.

Surviving are two sons, John J. and Frank V. of Stockton and two brothers, Ed. W., and Gustave of Nevada City. Funeral services were held Tuesday morning from the Holmes Funeral Home, conducted by the Rev. Fr. P O'Reilly.

Miss Mabel Morrison of Sierra City and Mr. Richard Cartright were married on Christmas Day at the Methodist church in Sierra City by the Rev. H. H. Buckner.

Trintiy Church Episcopal Sunday school gave an enjoyable Christmas Tree at Masonic Hall Friday night. There was a large attendance of the kiddies.

Evelyn Hill, infant daughter of Mr. and Mrs. Allen Hill of Truckee was buried from the Holmes Funeral Homes Friday. Services were conducted by the Rev. H. H. Buckner.

Fred J. Joubert of Camptonville attended to business affairs here Friday.

Dennis Phelan nearly had a serious accident when his car went off the road last week near Indian Valley on the Downieville highway. When steering his car out of a rut it got out of control. Earl Ricard of the Downieville stage and a passenger rescued Phelan and brought him to town. His injuries were slight.

Mr. and Mrs. James Crase visited over the Christmas holidays in Sacramento.

BABY CHICKS: White Leghorns (Tancred-Thornwell strain), Barred Rocks, R. I. Reds (Queen Bess strain), and Turkens. Special low prices to broiler plants in lots of 500 or more. Enoch Crews Seabright, California. 37-40*

CHEROKEE PROSPERS

CHEROKEE, Dec. 29, (Special to The Nugget)—Mr. W. C. Wisler, our sign writer, has returned from Stockton, where he and Mr. Frank W. Peteet, formerly of Folsom, where he was in the jewelry business, and who accompanied Mr. Wisler, as helper on work done by Mr. Wisler. At present they are preparing to do some ground sluicing on their property within the town limits of Cherokee.

We hate to see the town site destroyed by mining as it would be of more value, as a place for homes, for the mining men and so far as all are concerned it is a pity to destroy the beautiful town of Cherokee, named from a tribe of Cherokee Indians who settled here in the early 50's. Good luck to you M. C. and Doc, is the most that I can wish to you, boys.

Both the mines have closed down for the holidays, but we are told that they will be in full operation again after the 1st of the year. Nowthis is hearsay; but it is from reliable sources and we are inclined that is true and reliable.

Both the Siberia and Salmon mines are very good prospects and should make a good showing, as soon as they are fully developed.

All should pull for this district as this vicnity has a bright future in front of it. Success to all new mines etc., is the wish of "ye scribe".

O. P. Wisler, Sr., made a hurried trip from Cherokee to Nevada City on business and on the way, between North Columbia and Mr. C. C. Bennetts, lost a silver watch case that was given him on Nov. 13,1859 and any one finding, please return to him and receive a suitable reward.

Mrs. O. P. Wisler, Sr. and O. P. Sr., are looking forward to the meeting of Mr. and Mrs. J. J. Defreese, of McEwen, Oregon. In a letter from Mrs. Defreese to O. P. Sr., and Mrs. O. P. Wisler, Sr., she writes, "at present time, Dec. 20th is is very cold and was 25° below zero." We hope to have them as citizens of this place or near vicinity, as they would make a fine addition to the neighborhood, Mrs. D. is a sister of O. P W. Sr.

There are rumors that one of our citizens will purchase "Col." Phil Curnow's stock of goods and maybe take charge of the post office as the "Col" is thinking of retiring from active business and enjoy life in his older days.

Here's hoping that he and his estimable wife live to see many more years of this life and many, in the future, also.

We understand that Mrs. James Phelan will resume teaching the town school on the 1st of January, 1929. She has been in ill health and was in Nevada City visiting her mother, Mrs. Flynn.

GRASS VALLEY PERSONALS

Mr. and Mrs. Joseph Curry of San Francisco spent the holidays here with relatives.

Jmaes Bennetts of Oakland is here visiting relatives and friends during the holidays.

Robert Deward, who has recently been attending the University of California, Berkeley, came up to spend Christ mas with his mother, Mrs. Jillian Deward.
